## Chenniversaries

## A Message from the President

As we come to the end of 2012, we at Chen Moore and Associates have a lot to look back on and be thankful for. All of our diversification efforts in the last several years have begun to bear fruit and we look hopefully to 2013 and beyond. So in this Quarterly, you will read about thanks and hope. In these uncertain times, those two emotions are in short supply.

On page 2, we illustrate how both of those feelings are being expressed towards Universities throughout the State of Florida. Several of our top managers have long lasting and significant relationships with these Universities, while at the same time we have brought many of these institutions into our business as clients. Below you will read about releasing our Spanish language website and promotional materials to better address our clients and partners in Latin America, while not forgetting about the needs of those in our home offices. We also highlight our

firm's 6th annual food drive below. On page 3, we celebrate our diversity in our annual Thanksgiving Potluck. We also celebrate a promotion within our professional societies and an electronics recycling drive. As always, we celebrate several birthday and Chenniversaries on page 4.

To all of those that we met in 2012, welcome to the Chen Moore family. May you be both thankful and hopeful in 2013 along with us.

Sincerely,

Peter Moore, P.E., LEED® AP  
President

## Meet our new employee!

**Name:** Todd Nochomson  
**Title:** Senior CAD Designer/CAD Manager  
**Office:** Fort Lauderdale

Todd Nochomson serves as a senior CAD designer/CAD manager. Mr. Nochomson has over 24 years of CAD management and engineering design experience. His responsibilities include overseeing all aspects of CAD operations; managing the CAD systems; maintaining CAD applications; and coordinating with executive leadership and project management.

## CMA's New Website en Español

Chen Moore and Associates is excited to expand our partnerships abroad and serve our bi-lingual clients by offering our website in both English and Spanish. Please visit [www.chenmoore.com](http://www.chenmoore.com) and toggle Español to visit our site in Spanish.

Chen Moore y Asociados se complace en expandir nuestras asociaciones en el extranjero y servir a nuestros clientes bilingües, ofreciendo nuestro sitio web en Inglés y Español. Por favor visite [www.chenmoore.com](http://www.chenmoore.com) y seleccione Español para visitar nuestro sitio en Español.

## 6th Annual Food Drive

The Community Service Committee organized the sixth annual Thanksgiving Food Drive in November, benefiting the Cooperative Feeding Program. For nearly 30 years, the Program has assisted the hungry and homeless of Broward County by providing more than 1.2 million meals a year. Chen Moore and Associates, in association with the Broward Branch of the American Society of Civil Engineers, collected food for families in need.

For more information on this important charity and how you can help, please visit [www.feedingbroward.org](http://www.feedingbroward.org).

If this newsletter is addressed to people who no longer work at your office or if you would prefer to receive an electronic version of the Quarterly, please email: [lbarron@chenmoore.com](mailto:lbarron@chenmoore.com) to update our mailing list.

## Working with Florida Universities

Chen Moore and Associates' employees are active with the Florida University System. Some of our employees' accomplishments include:

### Dr. Ben Chen, P.E., BCEE

- Florida Atlantic University Civil Engineering (CE) Department Advisory Member
- Florida International University Civil and Environmental (CEE) Department Member
- St. Thomas Presidential Board

### Peter Moore, P.E., LEED AP

- Initial Department Advisory Committee for Florida Atlantic University, mentoring several senior design classes
- Advisory Board for the Engineering School of Sustainable Infrastructure & Environment (Colleges of Civil, Coastal and Environmental Engineering) at the University of Florida
- Treasurer for the Civil Gators, the Alumni Association of Civil Engineers at the University of Florida
- Current President of the Broward County Gator Club

### Jose Acosta, P.E.

- Industry Advisory Board (IAB) for the Civil, Architectural, and Environmental Engineering Department for the University of Miami since 2007
- Practitioner Advisor for the University of Miami ASCE Student Chapter
- Lectured for past 5 years to University of Miami civil engineering senior design class

### Additional Contributions

- Employees Joel Brownsey and Allie Kiever are active in the ASCE Student Chapter at Florida Atlantic University
- Current employees Paula Fonseca, E.I., Angela Baron, E.I. and Jennifer Smith, P.E. interned while in school prior to joining the firm full time.

## Working for Florida Universities

Chen Moore and Associates is also working on providing landscape architecture and/or engineering services for the following projects for Universities in Florida:

- Florida Atlantic University Student Plaza
- Florida Atlantic University Glades Road Landscaping
- Florida Atlantic University College of Engineering-West Building # 36
- Florida Atlantic University BT-646 Housing Design
- Florida Atlantic University Parking Garage III - BT-698
- University of Miami Cox Science Building Expansion
- Broward College Southwest Center
- Broward College Continuing Civil Engineering Services

FAU Parking Garage III - BT-698

UM Cox Science Building Expansion

FAU BT-646 Housing Design

## Thanksgiving Potluck

Chen Moore and Associates' Social Activities Committee organized the Sixth Annual Thanksgiving Potluck in our Fort Lauderdale office. On November 8th, each employee brought in a dish including traditional favorites such as mashed potatoes, cranberry sauce, corn on the cob, apple pie, pumpkin pie, and of course, turkey! Celebrating our diverse backgrounds, employees also brought Cuban beef, empanadas, ham and cheesecake brownies. The event was a chance for our Fort Lauderdale, Miami, West Palm Beach, Stuart and Gainesville staff to socialize and give thanks for being part of Team Chen Moore!

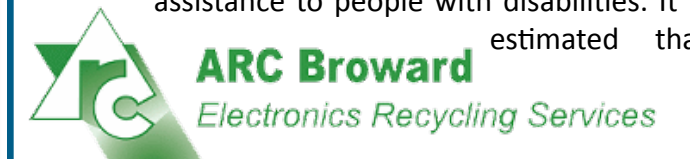

## ASCE Broward Promotion

Senior Engineer Jennifer Smith, P.E. was recently promoted to secretary of the Broward Branch of the American Society of Civil Engineers. Jennifer previously served as treasurer for one year and younger member chair for four years. CMA's Jose Acosta, P.E. conducted the induction ceremony as the Vice President for District 1 of the Florida Section of ASCE.

## Electronics Drive

CMA's Community Service Committee collected electronics for recycling by ARC Broward, a private, not-for-profit organization providing support and assistance to people with disabilities. It is estimated that

63 million personal computers are disposed of each year. Computers contain over 100 materials including environmentally harmful lead, mercury, cadmium, chromium, PVC plastics, brominated flame retardants and acids; adding these materials to diminishing landfill space is not a viable option. For information on how you can recycle your electronics, please search "Achievement and Rehabilitation Centers, Inc." and your county's name.
